

NOTICE TO ALL PARTICIPANTS

Re: SOUTH CAROLINA UNITED FC COMPETITIVE SOCCER TEAM FALL FUNDRAISING RAFFLE

I. THE PURPOSE

Thank you for participating in this year's Fall Fundraising Raffle, the net proceeds of which will be used by our non-profit to help support our youth soccer programming and our player financial aid fund. None of the monies received will be used towards the club's facilities nor to purchase or repair the club's equipment.

II. INTENDED USE OF NET PROCEEDS

At the conclusion of our Fall Fundraising Raffle, after all permitted expenses of the Raffle are deducted as required by South Carolina law, one hundred percent (100%) of the net proceeds will be used to support our youth soccer programming and our player financial aid fund! Net proceeds will be used in the following manner:

First, each South Carolina United FC Competitive Soccer Team that sold raffle tickets will receive a distribution from the Club's Fall Fundraising Raffle Account equal to twenty-five percent (25%) of the total dollar amount of raffle tickets which their team sold prior to the sales deadline which is 7:00pm (Eastern Standard Time) on Thursday, October 12, 2017. This distribution is intended to help teams raise monies to enable its players to participate in tournament and out of town play who might otherwise not have the ability to do so.

Second, a distribution equaling 25% of all net proceeds will be transferred out of the Club's Fall Fundraising Raffle Account and into the club's Financial Aid Account which is used to help players whose parent, parents or guardians are in need of, and qualify for, *bona fide* financial assistance to enable their child or children to participate in one or more of our numerous youth soccer programs.

And third, a distribution of all remaining net proceeds will be transferred out of the club's Fall Fundraising Raffle Account and into the Club's Operating Account to be used in support of the Club's youth soccer programming specifically excluding any use of such proceeds towards facilities and equipment.
